Remarks: As a member of the construction industry, avid golfer and skier, I am totally in favor of a destination resort in the B-Root. According to the economic impact study [page 13, first couple of paragraphs] the total outlay for amenities at the resort over 20 years will total 1.756 BILLION dollars. This will totally stabilize the construction industry in this area for years to come. Construction jobs are some of the highest paying jobs in the area. The trickle down economy will feed a lot of people for years. Plus we all get to enjoy the skiing and golf as a bonus.
